

Technology Transfer Centers

Funded by Substance Abuse and Mental Health Services Administration

The purpose of the SAMHSA-funded Technology Transfer Centers (TTC) is to develop and strengthen the specialized behavioral healthcare and primary healthcare workforce that provides prevention, treatment, and recovery support services for substance use disorders and mental illness.

The TTC program is comprised of three networks: the Addiction Technology Transfer Centers (ATTC), the Mental Health Technology Transfer Centers (MHTTC), and the Prevention Technology Transfer Centers (PTTC). Each Network is comprised of 10 Regional Centers, an American Indian and Alaska Native center, a Hispanic and Latino center, and a Network Coordinating Office.

ATTC

Addiction Technology Transfer Center Network
Funded by Substance Abuse and Mental Health Services Administration

MHTTC

Mental Health Technology Transfer Center Network
Funded by Substance Abuse and Mental Health Services Administration

PTTC

Prevention Technology Transfer Center Network
Funded by Substance Abuse and Mental Health Services Administration

TTCs help people and organizations incorporate effective practices into substance use and mental health prevention, treatment, and recovery services.

ATTC

- Accelerate the adoption and implementation of evidence-based and promising addiction treatment and recovery-oriented practices and services.
- Heighten the awareness, knowledge, and skills of the workforce that addresses the needs of people with substance use or other behavioral health disorders.
- Foster regional and national alliances among culturally diverse practitioners, researchers, policy makers, funders, and the recovery community.

MHTTC

- Accelerate the adoption and implementation of mental health related, evidence-based practices across the nation.
- Heighten the awareness, knowledge, and skills of the workforce that addresses the needs of individuals living with mental illness.
- Foster regional and national alliances among culturally diverse practitioners, researchers, policy makers, family members, and consumers of mental health services.
- Ensure the availability and delivery of publicly available, free-of-charge training and technical assistance to the mental health field.

Contact: networkoffice@MHTTCnetwork.org

PTTC

- Improve implementation and delivery of effective substance use prevention interventions.
- Provide training and technical assistance services to the substance use prevention field.
- Develop and disseminate tools and strategies needed to improve the quality of substance use prevention efforts.
- Provide intensive technical assistance and learning resources to prevention professionals in order to improve their understanding of prevention science and evidence-based and promising prevention practices.
