PDSA as the Vehicle for moving change

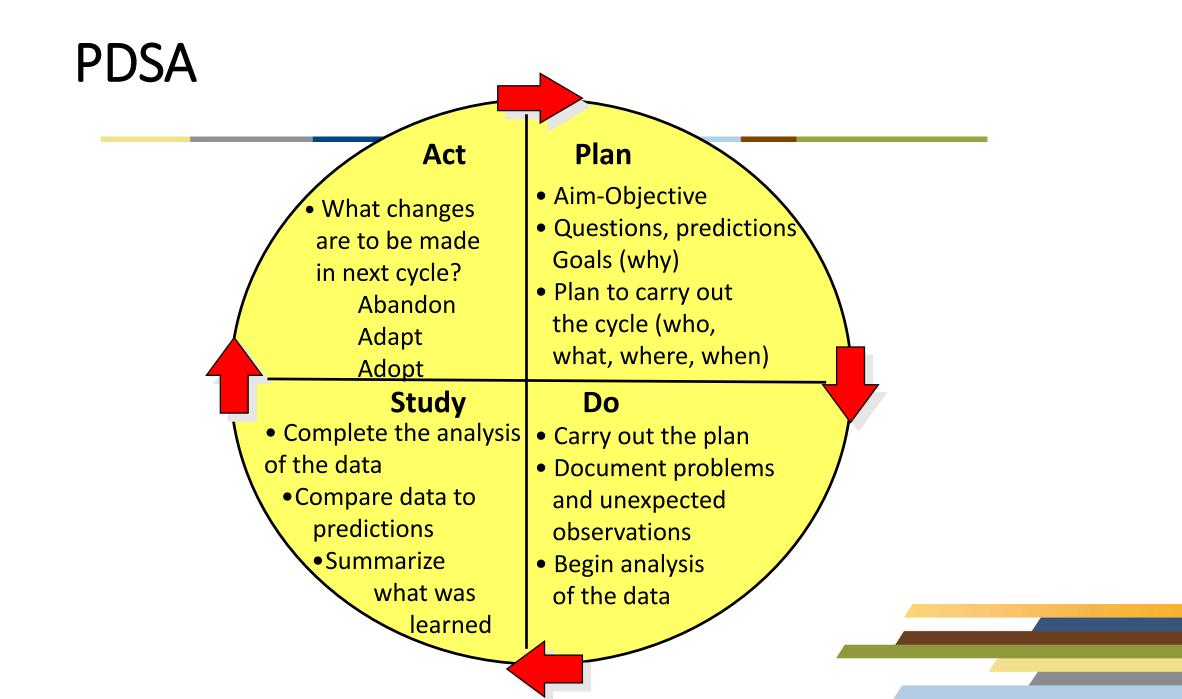

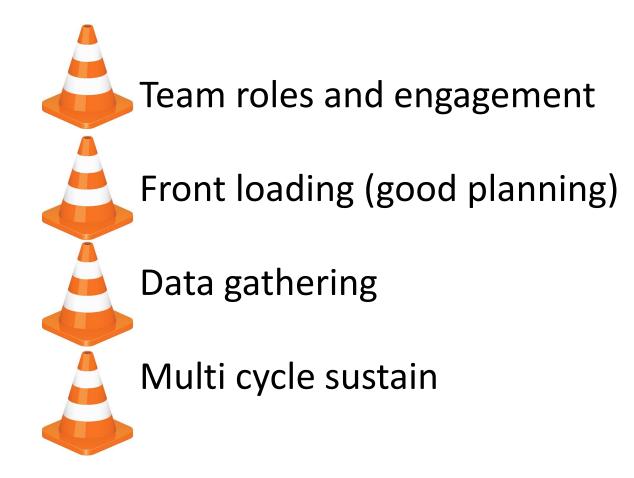

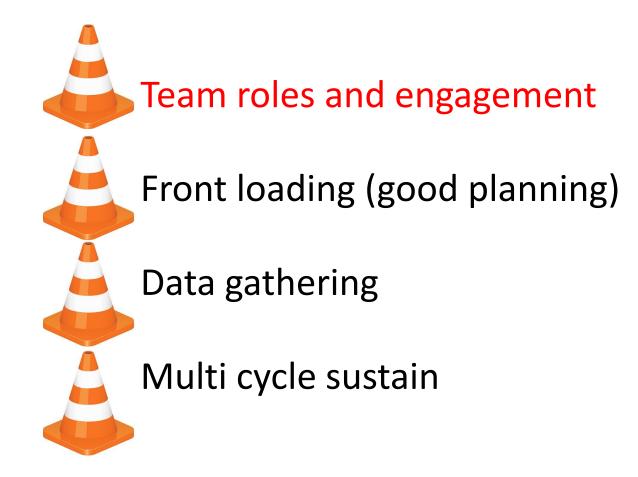

PDSA Cycle #:				
Cycle Begin Date:		Cycle End Date:		
What is the change to be tested?				
Ρ		the steps to carry out the cycle. Plan for data collection. What is your for the test?		
D	DO: Carry out the plan. Document observations. Record data.			
S		alyze the data. Compare results to predictions and pre-change data. e what was learned.		

A ACT: Will you adopt, adapt or abandon the change? Why? Move on to next cycle.
